Continuing Education Course Approval Application

For more information on the license renewal requirements for continuing education credit, please visit the Board's website at nvbdo.nv.gov, click on the Laws and Regs tab, then see NAC 637.200

Continuing education: Subjects; approval of and credit for courses; minimum hours.

The Board deems approved any continuing education course approved or sponsored by the American Board of Opticianry, the National Committee of Contact Lens Examiners, the National Academy of Opticianry, the Contact Lens Society of America, or any accredited program of *ophthalmic* education. These entities are considered Board pre-approved continuing education providers.

In addition, up to seven CECs earned by attending Board meetings are deemed approved—up to four for contact lens credit and up to three for spectacle credit. Also, accredited CPR courses are approved for spectacle/contact lens credits (one credit for each hour of instruction), and College of Southern Nevada ophthalmic education program courses are approved for six spectacle/contact lens credits per course.

Instructions: If you are seeking approval for continuing education courses not pre-approved by the Board, please complete and submit this form to the Board office at least 14 days before the Board's next regularly scheduled meeting.
