## Board of Dispensing Opticians

### Notice of Workshop for the Adoption of a Regulation

NOTICE IS HEREBY GIVEN that the Nevada State Board of Dispensing Opticians will hold a public workshop at 5:00 p.m. on Thursday, August 17, 2023. The purpose of the workshop is to receive comments from all interested persons regarding the potential adoption of proposed regulations, which will amend Chapter 637 of the Nevada Administrative Code. The workshop will be held in person at: Courtyard by Marriott, Tahoe Boardroom, 6855 South Virginia Street; Reno, NV 89511, and via teleconference at: (617) 829-6755.

The purposes of the proposed regulation include, without limitation: (1) removing inconsistencies between the provisions of NAC Chapter 637 and newly amended NRS Chapter 637; (2) streamlining and reorganizing various provisions of the chapter under new section headings; (3) adding or repealing definitions related to ophthalmic dispensing, as required; (4) adding or revising provisions related to the issuance, renewal, reinstatement, inactivation, and reactivation of a license; (5) revising and clarifying provisions related to the management of an optical establishment and setting forth the duties of such a manager; (6) repealing provisions related to the issuance of special licenses; (7) clarifying the scope of practice of laboratory personnel; (8) reorganizing revising provisions related to applying for a license as a dispensing optician or apprentice dispensing optician, pursuant to revised NRS requirements; (9) revising provisions related to adopting or administering exams; (10) clarifying the terms of license inactivation and reactivation and removing provisions related to inactivating a limited license as a dispensing optician; (11) reorganizing fees into a single section; (12) reorganizing and revising provisions related to the program of education and training for apprentice opticians and limitations on license renewal or the issuance of a new license; (13) revising provisions related to the required equipment for ophthalmic dispensing; (14) reorganizing and streamlining provisions related to professional practice, unprofessional conduct, and disciplinary actions; and (15) revising, repealing, and streamlining provisions related to proceedings before the Board.

Persons wishing to comment on the adoption of the proposed regulations may attend the scheduled public workshop or may address their comments, data, views, or arguments, in written form, to: Nevada State Board of Dispensing Opticians, 4790 Caughlin Parkway #241, Reno, Nevada 89519-0907 or by email to: [info@nvopticians.org](mailto:info@nvopticians.org). Written submissions must be received or before August 15, 2023. If no interested persons attend the workshop in-person or by phone to make presentations, the Board may proceed immediately to act upon any written submissions.

**SMALL BUSINESS IMPACT STATEMENT REGARDING PROPOSED REGULATION,  
PREPARED PURUSANT TO NRS 233B.0608**

1. The proposed regulation does not create an economic effect on either Nevada businesses or the public. The regulation clarifies provisions and requirements already codified in statute and regulation but does not create new burdens on businesses or the public. As such, it would not create an adverse or beneficial economic impact either immediately or in the long-term.
2. A concerted effort was made to determine any economic burden. The Board reviewed many of the proposed regulations at its regular meetings throughout 2021 and 2022, and additional revisions were added by staff in 2023 to reflect amendments to NRS Chapter 637. During its consideration of these items at meetings, the Board did not receive any testimony from the public indicating the proposed regulations would cause a negative impact on small businesses, and further revisions added by staff in 2023 do not impose any financial or regulatory burdens on small businesses. The Board is composed of industry members employed by a range of employer types, from large corporations, to small, independent offices. None of the Board members expressed concern that the proposed regulations would create a financial burden on their employers or colleagues. No new fees or regulatory burdens are being proposed, other than a \$50 increase to the fee to renew a singular license as a dispensing optician.
3. Enforcement of the proposed regulation will not create any additional costs for the Board.
4. The proposed regulation provides a \$50 increase to the annual fee to renew a singular license as a dispensing optician. The total annual amount the agency expects to collect is approximately \$20,000, which the Board will use to offset increased operating costs, including the cost of maintaining an online licensing system and increased office rent and utilities fees.
5. There are no regulations of other federal, state, or local governmental agencies which the proposed regulation overlaps or duplicates.

Interested persons may present their views regarding the proposed regulation either in writing, or during the workshop.

I certify that, to the best of my knowledge or belief, a concerted effort was made to determine the impact of the proposed regulation on small businesses and that the information contained in the statement is accurate.

*Corinne Sedran*
